Illuminated Wall Sconces

Over the years, we have worked to create a range of illuminations for table top use, including our **eKandle Kuffs™** and **eKandle Wrapz™**. Each product was developed for casual use, both indoors and out.

With the introduction of our illuminated wall sconces, the focus expanded to include a more formal presentation in both home and commercial settings. These sconces use your choice of incandescent night light bulbs or LED lighting strips to showcase the artwork. They can even be powered by an efficient Lithium-ion battery so that no power cord is visible when hung.

They are designed for spaces where a soft, ambient light source is preferred. At home, this might be an entryway, bathroom, bedroom, or perhaps adjacent to a large screen television. In an office, restaurant, or hotel, the placement options are virtually endless and the effect is spectacular.

Framed artwork by day and illuminated artwork by night, these sconces are built for many years of enjoyment.

Our lighting features combine original artwork with a selection of luxurious rice papers. The artwork, primarily high resolution digital photography, and papers are mounted on acrylic panels and secured to hand-crafted wooden frames. All work is done in Pasadena, California.

Pricing for our standard sconce sizes is listed above. This pricing is based on the features noted on the following pages. You may make a variety of custom choices without impacting the price. For example, choice of wood stain and the color of the lamp cord. Changes in size, artwork, and other materials can impact the price. Please talk with us about your particular needs so that we may quote an accurate price. We welcome custom work.

Single Panel Sconces

Our entry level wall sconces are versatile, single panel lighting fixtures designed for spaces where a soft illumination provides the desired level of lighting. For example, this might be in a bathroom or hallway. Likewise, near an entry doorway, these sconces will provide a soft glow to guide your path at night. The single panel sconce uses a night light bulb or LED strip on a rotary dimmer switch to illuminate the acrylic artwork panel.

The overall size is 15" x 11" x 4" deep (either vertical or horizontal). The acrylic artwork panel is 8.5" x 8". The wood is A-1 rated Birch plywood with Poplar supports on the backside. The wood is stained a rich Red Mahogany, but can be custom ordered in a wide variety of stain options and woods.

When ordering single panel sconces, there are numerous botanical motifs from which to choose. A few examples are pictured here. To see the entire design collection, please visit our eKandle Kuffs™ page at LeafMotif.com. The designs for the sconces are taken from the eKandle Kuff images.

Three Panel Sconces (Vertical)

Our next level up is the 3 Panel Sconce which can also be built either vertically or horizontally.

As with the single panel sconce, these sconces can be lit by either an incandescent night light bulb or LED lighting strip. The overall size is 36" x 11" x 4" deep. The acrylic artwork panels are 8.5" x 8". The wood is A-1 rated Birch plywood with Poplar supports. The wood is generally stained Red Mahogany, but can be custom ordered in a wide variety of stain options and other wood choices.

How to Order

Thank you for choosing Leaf Motif. Below are purchasing guidelines to help you get started. Please do not hesitate to contact us with any questions. We look forward to working with you.

Order Placement

Orders may be placed via telephone at (626) 827-7870 or e-mail at either leafmotif@earthlink.net or sales@leafmotif.com. Please note the item description when ordering (for example: artwork image, size, price). Upon receipt of your order, we will confirm your order in writing (generally via e-mail). Our confirmation of your order will also include an estimate of shipping and handling charges, if any. (See Shipping and Handling below). When complete, your order will not be shipped until we have your final approval of all charges.

Payment

Orders may be paid with a credit card, check (checks must clear our account before order is shipped), or money order. When placing a sconce order that must be constructed, we generally require a small deposit to cover materials. The balance due will be requested at the time of shipping and/or local delivery.

Shipping, Handling, and Availability

We ship using the best method available (generally UPS or USPS) and will advise you of all shipping and handling charges during our order confirmation process (see Order Placement above). For all of our standard sized sconces, shipping is included in the price. Because all of our products are designed and handcrafted by us, not all items are readily available at all times, particularly for large volume orders and during certain holiday seasons. This is also true for our line of wall sconces that generally take approximately 4 weeks to complete after order placement. In the event a product is not immediately available, we will contact you to discuss shipping timelines to best meet your needs.

Damaged Goods

All claims for damage must be made at the time of delivery. Please retain all original packaging and contact us at your earliest possible convenience to discuss such issues so that they may be addressed to our mutual satisfaction.

Returns and Exchanges

We endeavor to assure that you are pleased with all Leaf Motif products. However, in the event you must return an ordered product to us, we will accept returns and reimburse you 100% of your purchase price so long as the return is made within 10-days of your receipt of the item and the item reaches us in "as new" resalable condition. [Note: Sorry, no returns are accepted on custom orders.] We do not charge restocking fees. Most importantly, prior to sending us any return or exchange item, you must contact us via e-mail or telephone to discuss the return or exchange and get our prior authorization for said transaction. **Please note: Shipping and handling charges, when necessary, are not refundable and return shipping charges must be pre-paid by the purchaser.**

Privacy Policy

We assure our customers that any personal information that we may receive during the purchasing process will not be passed on or sold to third parties. Your information is used solely for our own database in updating you on new items and information about Leaf Motif. You may opt out of any future communications at any time and for any reason.

Feedback

We value your feedback about our products, our website, our policies and our customer service. Please feel free to contact us and share your comments. We look forward to hearing from you. You may call (626) 827-7870 or send an e-mail to Customercare@leafmotif.com

About Leaf Motif

Artist Catherine M.S. Cowles began hand sculpting clay leaf structures more than thirty years ago. Over time her connection with leaves inspired her to explore the many ways in which each unique leaf shape and color could be combined in other mediums. Her work first expanded to original pressed leaf collages. Then, in 2003 she and her husband, photographer Ovie Cowles, expanded the business and launched Leaf Motif. Their botanical themed home décor line now includes:

- Original pressed leaf collages
- Giclee reproductions
- Photographic prints
- Illuminated eKandle Kuffs™ and eKandle Wrapz™
- Illuminated Wall sconces and occasional lamps

Leaf Motif has won juried show awards for mixed media. Catherine has appeared on Home and Garden Television (HGTV), the Martha Stewart Living Radio on Sirius XM Satellite Radio, and Cindy Dole's Home Wizards radio show.

All Leaf Motif products are designed and hand crafted in Pasadena, California. We welcome the opportunity to work with you.
